

Equity investments are not possible without successful identification!

What you need for the identification

For the Videoident process:

- Computer with webcam (not older than 3 years, capable of recognizing holograms) **or** Smartphone/Tablet

For the PostIdent process:

- PostIdent coupon

For both procedures you need:

- ID card **or** Passport and registration confirmation (proof of address)

If you need to pause

If the identification process is interrupted, you will receive a mail from Companisto with a link that allows you to re-enter the identification process. In order to resume the identification process, you may need to log back into your Companisto account.
